My name is Menai, I'm an artist and this week I'm showing you how to make a Snowman Paper Puppet. You can use the puppet to make your own winter puppet show.

A fun little craft project for the whole family!

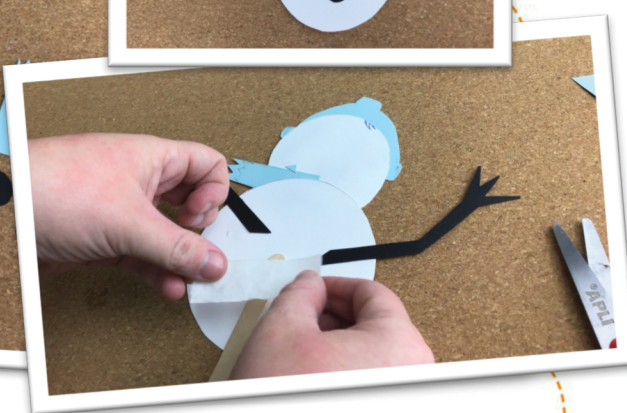

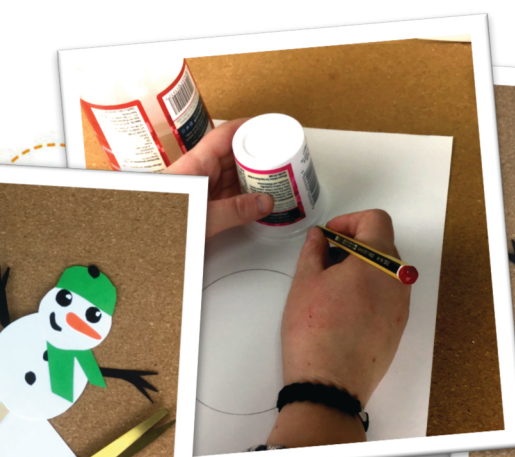

## You Will Need

- Coloured card (Suggested colours white, black, blue and orange but you can use old magazines if you like)
- Pva glue and old brush/pva spreader or pritstick to stick your design together
- Tape
- Lollipop sticks
- Scissors (Safety scissors for little ones!)
- Yogurt pots
- Pencil

*this week's activity was designed by Menai*

# Make your own Snowman Puppet

### Step 3

Lay out your snowman as you prefer, then use an old brush and pva glue or a pritstick to carefully glue your snowman together.

## Step 4

Tape your Snowman on a lollipop stick

**Well done! You've made a perfect Snowman Paper Puppet!**
