Welcome Back!

We're so excited to get back to delivering fun, accessible, creative activities for everyone. We missed you!

There are a range of precautions that we all need to take together to keep ourselves and each other safe this summer. This means:

- Wearing a mask in Tŷ Pawb unless you are exempt (e.g. under 11) or are eating or drinking in our Food Court.
- Washing or sanitising your hands when you arrive and leave.
- Considering the size of your group when you visit us. Where possible, we ask that only one parent or carer attends per child to ensure that we are able to prioritise places for children to take part.
- Using the NHS app to check into Tŷ Pawb as a venue if you have a smart phone.

Thanks to support from Summer of Fun and Arts Council Wales, we are able to run this year's special summer holidays programme completely free of charge! Welsh Government's Summer of Fun is a scheme to support children and young people's social, emotional, physical and mental wellbeing.

Due to the ongoing restrictions, we aren't running any drop-in workshops this summer and the number of total places is more limited. Please book ahead to avoid disappointment.

If you need to cancel your booking, please email typawb@wrexham.gov.uk so that we can offer your place to another family.

All groups taking part must provide contact details for track and trace and act within current public health guidelines.

Tuesdays part one

Animate the Inanimate!

Do you ever walk around a room and think, 'If these walls could talk, what would they say?' What about going even further? What does this table really think of the people sat around it? Does this bottle of ketchup wish it was in the fridge instead of the cupboard? In this workshop led by Digital Storyteller and Augmented Reality Artist Livi Wilmore we will be doing just that.

Using multiple digital tools, we will be using animation to bring to life both objects from around Tŷ Pawb and characters we will be sculpting ourselves. We will be exploring ways that thinking about our environment and the objects around us can help us see things from new perspectives.

20/07, 10am-3pm: Ages 7-11

06/08, 10am-3pm: Ages 12-16
